## SCHOOL TRIP TO AQUAZOO

### EXPLORING TOGETHER

Put on your hiking shoes and backpack, and start exploring! Go with your group in search of extraordinary animals such as Nile crocodiles, tigers, gibbons, ring-tailed lemurs and flamingos. Learn all about the animals in AquaZoo during informative presentations.

### EDUCATIONAL PRESENTATIONS

Unique in the Netherlands! During the polar bear inspection, you will see the animal caretakers perform their daily medical checks of the polar bears from very close by. There are also many other informative presentations. Visit [aquazoo.nl/park/zoo-programma](https://aquazoo.nl/park/zoo-programma) to find out more. There is something new to discover every day!

### ADVENTUROUS PLAY

Follow the adventure trails to see the animals. Cross streams over tree trunks, pull yourself across the swamp near the kangaroos on a raft and hop from one stone to another. Will you be able to keep your feet dry? There are also several playgrounds and a boating lake. You can even jump for joy on our giant air trampoline.

The cost for the passport (including pencil) is €1.50 p.p.

### EXTRA OPTION: AN EXCLUSIVE GUIDED TOUR

‘How many kilos does a polar bear weigh?’, ‘Does a flamingo also stand on one leg when it sleeps?’, ‘Why can't penguins fly?’ Children can ask all their questions during a guided tour. As the guide leads them through the park, they can answer any inquiries. The guided tour lasts about 1.5 hours.
