ZOO PROGRAMME - EDUCATIONAL PRESENTATIONS

Every day there is something new to discover. That's why there are educational presentations on a daily basis in AquaZoo. The map shows where in the park the presentations are held. You can find the times on this map and on our website: www.aquazoo.nl/en

Check out the zoo programme and find out which presentations are not to be missed!

ICE AGE EVENT

March 29th till
May 29th

DINO WEEKS

September 19th till
November 10th

AQUAZOO LEEUWARDEN, MORE THAN A DAY OUT

In addition to a nice day out, education and species preservation are other important responsibilities the zoo has. For example, AquaZoo participates in several management programs that ensure the preservation of vulnerable species in the wild and a healthy zoo population. Via Stichting Wildlife, multiple animal and nature protection projects are being supported.

Together we take care of nature!

RESTAURANTS

Throughout the park, you can find several restaurants, eating and drinking facilities.

PARK REGULATIONS

You can find all the park regulations on our website: aquazoo.nl/en-park-regulations

EMERGENCIES

In the event of an emergency, notify a park employee in the area or call: +31 (0) 511-431214.
